

Treasury of Knowledge

From the very beginning of his teaching activity Rinpoche has emphasized studies of the *Treasury of Knowledge*, one of the five great treasuries composed by the greatly renowned non-sectarian master, Jamgon Kongtrul Lodro Thaye.

On numerous occasions, Rinpoche has chosen to base his teachings on the root text, འཇམ་གློག་ལྷན་པོ།, and on many other occasions his explanation relates to Lodro Thaye's own commentary, འཇམ་གློག་མཐའ་ཡས་པའི་རྒྱ་མཚོ།
