

## *Profound Inner Principles*

The teachings on the *Profound Inner Principles* are restricted in the following way:

The Karmê Chöling seminars are restricted to those who attended the seminars or to sadhakas, who have completed their yidam practice and listened to the previous summer seminars at Karmê Chöling. Programs from 1999 and onward are restricted to attendees.

The Dechen Chöling seminars are restricted to those who have permission to study Rinpoche's teachings on the four root dharmas. It is furthermore recommended that a student study the previous years' material given at Dechen Chöling.
